**THE GENERAL CONFERENCE
MENNONITE CHURCH**

Dear friends,

Our Conference is engaged in an ever growing work of publications. This is as it should be. We need such efforts to keep our Conference goals before us, to inspire us to greater loyalty and service, and to keep us informed of current developments. The publications such as The Mennonite, Der Bote, Junior Messenger, and Kinders Bote all help to make this possible.

Another area, which is one of our greatest, is the work each one of us is doing in our respective Sunday schools. We cannot labor effectively in our Sunday school work without tools such as quarterlies, teacher's helps, roll books, etc., just as we cannot work in our gardens or fields without tools. Our Conference publishes the Lectionen, Adult, Young People, Intermediate, Junior Pupil, Junior Teacher and Herald Teacher quarterlies. I encourage you to use them to build your school.

If you have questions, why not write me? I will be happy to help.

Very sincerely yours,

Chas. M. Thie, manager
Mennonite Publication Office

FOREWARD

Truthfully the poet sings, "Years roll on and pass forever, Nothing in this world can last." Yes, indeed, we are living in a changing world.

This is very evident in the church life of our Conference. If everything were static--if no ministers would change pastorates, if members of Boards and Committees would always remain the same, if the memberships of congregations would not increase nor decrease, if contributions for all causes would not vary--we would not need a new handbook of information from year to year.

Who wants to live in a static world like that! Deep within us we feel an irresistible urge to grow and progress. Each new year we strive to surpass the accomplishments of the past.

It is surprising how quickly things as they are today go out of date. It is for this reason that we here bring you the information of this issue of the yearbook. We have aimed to make this information as accurate, dependable and up-to-date as possible; yet mistakes, omissions, and errors can be expected. For this we ask your forbearance, assuring you that in no case were they intentional. We trust that these efforts will prove a help to you and a service for the Conference.
